In this inspiring memoir, David Egan tells his own story, giving us a window into a life spent pushing boundaries. With a family undaunted by his diagnosis of Down syndrome, Egan learned early to speak up for himself. He has since become a powerful advocate for all people with disabilities. His optimistic perspective rejected the limits of stereotypes and the expectations of others. He shares how the support of loving family and friends led him to overcome challenges and blaze new trails. It started with swimming and baseball, when he earned places on his neighborhood teams, competing fiercely and as a fully accepted teammate. He writes firsthand of the empowering feeling of being fully included in elementary school and at work as an adult. Egan has earned positions at prestigious companies and a distinguished fellowship on Capitol Hill. He sits on the boards of influential advocacy organizations. He has addressed audiences worldwide and has played a powerful global advocacy role with Special Olympics. He allowed himself to dream big, and he encourages everyone to do the same. His lesson to all of us is to focus on our shared humanity despite our differences--and our diagnoses. This hopeful memoir will encourage everyone to make the most of their lives.
