This book explores the mechanisms that have driven the evolution of televisual comedy from the classic sitcom, a genre deeply rooted in its theatrical origins, toward a more mature stage of television's history. It analyzes four comic series--Scrubs, The Office, The Comeback, and Ugly Betty--revealing how each separates itself from the traditional sitcom archetype and shows increased awareness of the comic genre. Throughout the author focuses on two cardinal themes: the relationship between comedy and euphoria; and

File Type PDF American Television Sition Comedies

the relationship between comic texts and reality.

Saturday Night Live, Hollywood Comedy, and American Culture sheds new light on the ways in which Saturday Night Live's confrontational, boundary-pushing approach spilled over into film production, contributing to some of the biggest hits in Hollywood history, such as National Lampoon's Animal House, Ghostbusters, and Beverly Hills Cop. Jim Whalley also considers how SNL has adapted to meet the needs of subsequent generations, launching the film careers of Mike Myers, Adam Sandler, Will Ferrell and others in the process. Supported by extensive archival research, some of Hollywood's most popular comedians are placed into the contexts of film and television comic traditions and social and cultural trends

File Type PDF American Television Sition Comedies

in American life.

The first work of its kind, this encyclopedia provides 360 brief biographies of African American film and television actresses from the silent era to 2009. It includes entries on well-known and nearly forgotten actresses, running the gamut from Academy Award and NAACP Image Award winners to B-film and blaxploitation era stars. Each entry has a complete filmography of the actress's film, TV, music video or short film credits. The work also features more than 170 photographs, some of them rare images from the Schomburg Center for Research in Black Culture.

This book offers a history of Japanese television audiences

File Type PDF American Television Sition Comedies

and the popular media culture that television helped to spawn. In a comparatively short period, the television industry helped to reconstruct not only postwar Japanese popular culture, but also the Japanese social and political landscape. During the early years of television, Japanese of all backgrounds, from politicians to mothers, debated the effects on society. The public discourse surrounding the growth of television revealed its role in forming the identity of postwar Japan during the era of high-speed growth (1955-1973) that saw Japan transformed into an economic power and one of the world's top exporters of television programming.

American Remakes of British Television: Transformations and Mistranslations, edited by Carlen Lavigne and Heather

File Type PDF American Television Sition Comedies

Marcovitch, is an international, multidisciplinary collection exploring a specific set of television remakes (including *The Office*, *Life on Mars*, *Sanford and Son*, *What Not to Wear*, and others) through the lenses of communications studies, English, history, psychology and cultural studies. What does it mean to remake a television program? What does the process of 'Americanization' entail? What might the success or failure of a remade series tell us about the differences between American and British producers and audiences? The analysis in this volume results in a rich and multifaceted overview of approaches to global television studies.

The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history,

File Type PDF American Television Sition Comedies

politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

This work indexes books, dissertations and journal articles that mention television shows. Memoirs, autobiographies, biographies, and some popular works meant for fans are also indexed. The major focus is on service to researchers in the history of television. Listings are keyed to an annotated

File Type PDF American Television Sition Comedies

bibliography. Appendices include a list of websites; an index of groups or classes of people on television; and a list of programs by genre. Changes from the second edition include more than 300 new shows, airing on a wider variety of networks; 2000-plus references (more than double the second edition); and a large increase in scholarly articles. The book provides access to materials on almost 2300 shows, including groundbreaking ones like *All in the Family* (almost 200 entries); cult favorites like *Buffy: The Vampire Slayer* (200-plus entries); and a classic franchise, *Star Trek* (more than 400 entries for all the shows). The shows covered range from the late 1940s to 2010 (*The Walking Dead*). References range from 1956 to 2013.

File Type PDF American Television Sition Comedies

Providing new insight into key debates over race and representation in the media, this ethnographic study explores the ways in which African Americans have been depicted in Black situation comedies-from 1950's *Beulah* to contemporary series like *Martin* and *Living Single*.
