Entrepreneurship is a battle! Faith is a battle! Bridging the two together is an even bigger battle! How do you bridge the gap between your plan and God's will? Listen attentively. Hearken diligently. Run to His voice. Be forewarned: You are about to embark in a learning experience that may well oppose man's traditional opinion of running a successful business. But that's the point, to forgo our opinions in lieu of God's infallible ways. The Battle Plan is not hyper-spiritual, nor is it hyper-carnal, but it's the incredible testimony of how God can turn nothing into something if you will just trust His plans concerning you. Learn how to build your business on Biblical principles from those who have been through the trenches of starting, growing, and maintaining their own faith-based company. "Trenches" is an understatement. It's not easy, but it is possible. It's not all about products, procedures, and marketing. It is about the ABC's of faith: Action, Belief, and Confidence. God's Word is forever settled in heaven. What He promised, He is well able to do through you and through your business despite what the circumstances look like. Whatever your journey, whatever your business, The Battle Plan is sure to have an impact on you naturally, spiritually, and certainly financially. It is broken down into five easy to understand pillars: Building Relationships, Seed Time and Harvest, Product Knowledge, Disciplined Actions, and Flee Idleness.

The founder of "Cybergrrl.com" provides readers with the "PowerTools" necessary to succeed in business, offering advice on how to maximize strengths, overcome obstacles, and achieve personal and professional success.

The personal stories of the founder of Patagonia, Inc. describes his underprivileged childhood as an immigrant in southern California, early fame as a successful mountain climber, and company's dedication to quality and environmental responsibility. Reprint. 75,000 first printing.

Europe is renowned for romantic inn-to-inn vacation opportunities on paths worn by centuries of travelers. Modern-day trekkers can hike the Alps or Southern France, explore the British Isles at three miles an hour, or pilgrimage through Northern Spain to Santiago de Compostela, stopping each night at a hostel or inn. Now adventurers in California are creating a new tradition of multi-day treks from inn to inn in the U.S. Walkabout Northern California: Hiking Inn to Inn describes twelve walks (or "walkabouts") along the wild Pacific Coast, through the majestic Sierra Nevada Mountains, in the Cascades and through the parklands around the San Francisco Bay. Each walkabout, organized by individual chapters, contains all the information to create a memorable and invigorating vacation, with a sketch map, recommendations for optional maps, mile-by-mile details of the route, and logistical tips on places to stay and eat. Many trips contain variations for different lengths of time and budgets. With a light daypack and a few reservations, hikers can travel for days on California's breathtaking coastline or in mountain ranges. Each day on a walkabout ends with a comfortable bed, a glass of wine, a good meal and maybe even a hot tub. Some of the hikes can take a week, but many can be enjoyed in a weekend. Some are challenging, but the majority are perfect for the casual hiker. The accommodations for the walkabouts include a B&B perched on the cliffs above the Pacific, a resort on the shore of a Sierra lake, a historic hotel in a coastal village, a hostel in a national park, and a retreat center that soothes the soul.
