The award-winning novel of a young American girl in France—hailed as “ an impressive debut ” that is “ written with quiet, lyric forcefulness ” (Elle). A New York Times Notable Book Young, inexperienced, and fleeing a terrible personal loss, Rosie—the new au pair to the Tivot family estate in France—finds herself ill at ease when trying to connect with Nicole, the cool, distant, and beautifully polished mother of the three children she cares for. There is something about the woman that both fascinates and unnerves Rosie. The same is true of the rest of the Tivot clan. Nicole ’ s dissatisfied husband, Marc, and their children all seem to be caught in an unending struggle against each other for love and acceptance. Only when Rosie is sent to care for Nicole ’ s now-elderly guardian—the storyteller of

the family ' s secrets—does she finally discover the truth. There, Rosie will learn of a past darkened by war, duplicity, and a tragedy that still resonates in the Tivot ' s lives . . . With this novel of family, betrayal, and the naïveté of youth, Lily King has spun a story that is “ powerful . . . splendid . . . [and all] so assured that it ' s hard to believe the book itself is her debut ” (The New York Times Book Review).

“ Expertly constructed, full of surprises, superbly paced and sweetly sad, King ' s book hardly reads like a first novel. ”

they appear to be, Alec and Seregil are skillful spies, dedicated to serving queen and country. But when they stumble across evidence of a plot pitting Queen Phoria against Princess Klia, the two Nightrunners will find their loyalties torn as never before. Even at the best of times, the royal court at Rhíminee is a serpents ' nest of intrigue, but with the war against Plenimar going badly, treason simmers just below the surface. And that ' s not all that poses a threat: A mysterious plague is spreading through the crowded streets of the city, striking young and old alike. Now, as panic mounts and the body count rises, hidden secrets emerge. And as Seregil and Alec are about to learn, conspiracies and plagues have one thing in common: The cure can be as deadly as the disease.

Patricia Volk ' s delicious memoir lets us into her big, crazy, loving, cheerful, infuriating and wonderful family, where you ' re never just hungry—your starving to death, and you ' re never just full—you ' re stuffed. Volk ' s family fed New York City for one hundred years, from 1888 when her great-grandfather introduced pastrami to America until 1988, when her father closed his garment center restaurant. All along, food was pretty much at the center of their lives. But as seductively as Volk evokes the food, *Stuffed* is at heart a paean to her quirky, vibrant relatives: her grandmother with the “ best legs in Atlantic City ” ; her grandfather, who invented the wrecking ball; her larger-than-life father, who sculpted snow thrones when other dads were struggling with snowmen. Writing with great
