However, a family Web site has numerous advantages: It is interactive so others can contribute their stories and pictures. It will help you find long-lost relatives. It is an ideal way to preserve research for the entire family. It will break down the walls that have stumped you in your research. It recognizes that family research is an ongoing process, This book is written by Cyndi Howells, owner and webmaster of Cyndi's List, a Web site of more than 130,000 online genealogical resources. However, Web site URLs change daily and some may no longer work. She has created web pages as part of Cyndi's List that correspond to the features of the book so that the URLs will be kept up-to-date.
