The hilarious, clever, and much-anticipated follow-up to the breakout hit, The Strange Case of Origami Yoda! It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a "troublemaker." Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight's presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as "Origami Yoda and the Pre-eaten Wiener," "Origami Yoda and the Exploding Pizza Bagels," and "Origami Yoda and Wonderland: The Musical." But Harvey and his Darth Paper puppet have a secret plan that could make Dwight's suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in "a satisfying tale of friendship and just resistance to authority" (Kirkus Reviews, starred review). Praise for Darth Paper Strikes Back STARRED REIVEW "Angleberger's just-as-funny follow-up to The Strange Case of Origami Yoda delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of

friendship and just resistance to authority. Pitch-perfect middle-school milieu and enough Star Wars references (and laughs) to satisfy fans and win new ones.”—Kirkus Reviews, starred review “In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”—Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and Angleberger’s sharp sense of humor) are greatly amplified by the book’s design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It’s a natural step up from the Wimpy Kid series, with more text and narrative complexity, but just as much on-target humor and all-around fun.” —Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception *Origami Yoda* has received, kids will be clamoring for this sequel. They won’t be disappointed.” —School Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, *The Strange Case of Origami Yoda*. A sequel to equal the funny and clever novel/comics debut of the *Origami Yoda*, as Dwight’s friends try to save him from reform school.—Shelf Awareness “With the same deft touch that made *The Strange Case of Origami Yoda* a pleasure, Angleberger takes readers through the ups and downs of adolescence.” —Portland Book Review “Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News

In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren’t strange enough, the puppet is uncannily wise and prescient. *Origami Yoda* predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight’s classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling *Origami Yoda* series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by School Library Journal as “honest, funny, and immensely entertaining.” F&P Level: T F&P Genre: RF

Angleberger delivers the hilarious, clever, and much-anticipated follow-up to his breakout bestseller, “*The Strange Case of Origami Yoda*.” Illustrations.

With Dwight attending Tippet Academy this semester, the kids of McQuarrie Middle School are on their own—no *Origami Yoda* to give advice and help them navigate the treacherous waters of middle school. Then Sara gets a gift she says is from Dwight—a paper fortune-teller in the form of Chewbacca. It’s a Fortune Wookiee, and it seems to give advice that’s just as good as Yoda’s—even if, in the hands of the girls, it seems too preoccupied with romance. In the meantime, Dwight is fitting in a little too well at Tippet. Has the unimaginable happened? Has Dwight become normal? It’s up to his old friends at McQuarrie to remind their kooky friend that it’s in his weirdness that his greatness lies. This is the third case file in the blockbuster bestselling *Origami Yoda* series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for *The Secret of the Fortune Wookiee* has crafted a worthy follow-up to his break STARRED REVIEW “Angleberger’s third in the series continues the fun. A chorus of spot-on middle school voices and plenty of laughs are wrapped around this tale of friendship and seasoned with Star Wars references.” —Kirkus Reviews, starred review “Tom Angleberger offers a hilarious third book in his best-selling series starring origami Star Wars characters. Angleberger’s grasp of middle-school emotions, humor and behavior is spot-on, and parents who want to get a sense of what it’s like be a preteen these days might consider reading this book. But you’ll likely have to pry it out of your young reader’s hands first.” —Scripps Howard News Service Award 2013 ReadKiddoRead Kiddos - FINALIST

Tom Angleberger’s latest, loopy middle-grade novel begins when M’Lady Luggertuck loosens her corset (it’s never been loosened before!), thereby setting off a chain of events in which all the strict rules of Smugwick Manor are abandoned. When, as a result of “the Loosening,” the precious family heirloom, the Luggertuck Lump (quite literally a lump), goes missing, the Luggertucks look for someone to blame. Is it Horton Halfpott, the good-natured but lowly kitchen boy who can’t tell a lie? Or one of the many colorful cast members in this silly romp of a mystery. Praise for Horton Halfpott “A positively gleeful historical mystery farce. Short chapters, a fast pace and plenty of linguistic and slapstistic humor will have young readers hoping that a sequel is planned. The scribbly pen-and-ink chapter-heading cartoon illustrations are just icing on the cake—or pickle éclair. A romp from start to finish.” —Kirkus Reviews “Exaggerated black-and-white drawings emphasize the often wacky humor in this goofy faux-British mystery. Sprawling, outlandish tale.” —The Bulletin of the Center for Children’s Books “Readers will enjoy Angleberger’s penchant for the absurd as well as his many droll asides. With Angleberger’s many eclectic characters, his wild-and-witty storytelling, and a lighthearted but perplexing mystery—involving a “lump” of diamonds, a couple of wigs, and a bust of Napoleon—readers are in for a treat.” —Publishers Weekly “From the author of *The Strange Case of Origami Yoda*, here’s an amusing romp of a mystery that balances skulduggery with just rewards.” —Booklist “Much like Dickens or Dahl, an opinionated narrator with a strong sense of the ridiculous directs this story.” —School Library Journal

In *Princess Labelmaker to the Rescue!*, the war against the FunTime Menace—aka test prep—wages on at McQuarrie Middle School. Our heroes have already won one battle, with the help of surprising ally Jabba the Puppett. But to defeat the Dark Standardized Testing Forces they’re going to need an even bigger, even more surprising ally: Principal Rabbski. With pressure from great forces—the school board—will this former enemy join the Rebellion, or will her transformation into Empress Rabbski, Dark Lord of the Sith, be complete? With this topical episode, Tom Angleberger demonstrates once again that his “grasp of middle-school emotions, humor and behavior is spot-on” (Scripps Howard News Service). Praise for *Princess Labelmaker to the Rescue!* “Fans will devour this satisfying and nicely realistic conclusion to the story set up in the previous volume. Characters grow, and non-Star Wars pop-culture references seep in. Readers new to the series are advised to go back to the beginning; they won’t regret it.” --Kirkus Reviews “These books are more popular than a working droid on Tatooine. Expect the usual army of young Jedis to come out swinging for a copy.” --Booklist

It’s the fourth book in the mega-hit *Origami Yoda* series! In *The Surprise Attack of Jabba the Puppett*, Dwight and *Origami Yoda* return to McQuarrie Middle School—and not a moment too soon. The gang needs their help fighting a new and powerful enemy: the FunTime Menace, a diabolical test-prep service. This bestselling series showcases Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and his keen knack for authentically capturing the intrigues, fads, and dramas of middle school in “satisfying tale[s] of friendship and just resistance to authority” (Kirkus Reviews, starred review).

Throughout the twentieth century, Miss Kanagawa, one of fifty-eight dolls made to serve as ambassadors from Japan to the United States, travels the country learning to love while changing the lives of those who need her.

The final Origami Yoda case file from the kids at McQuarrie Middle School! This trip to the nation's capital will be full of shifting alliances and betrayals, carsickness and sugar rushes. Trouble starts even before the buses leave school, when Principal Rabbski decrees the field trip an "origami-free zone." Dwight secretly folds a Yoda from a Fruit Roll-Up, but will Fruitigami Yoda be a match for Harvey's sour, hate-filled pickle of darkness?

Praise for Art2-D2's Guide to Folding and Doodling "Once again, Angleberger's humor, which presents itself in the text through characters from the series, in both human and origami form, connects with middle-grade readers. 'Art2' and the other 'Origami Yoda' books are the ultimate example of the by-a-fan/for-the-fans format, which succeeds if executed properly. This did he." --Florida Times-Union "Excellent activity-book offshoot of Angleberger's bestselling Origami Yoda series... The banter and tongue-and-cheek humor of the previous books is present, along with encouragement." --Publishers Weekly "The presentation's offbeat attitude, ingenuity, and wit, many libraries will want to stock this high interest book..." --Booklist "Fans (and nonfans, if there are any) of the "Origami Yoda" series (Abrams) and website will find new opportunities aplenty for foolery in this spinoff compendium of progressively challenging hands-on instructions for drawing, folding, and goofing around with (mostly) Star Wars characters." --School Library Journal
