Constantine is considered one of the most influential leaders of the Roman Empire. He spent his childhood in humble surroundings raised by a single mother before reuniting with his father Constantius, a powerful military leader who eventually co-governed the Empire. Known as a brave soldier, Constantine followed in his father's military footsteps and earned a reputation as a natural leader. His victory at Milvian Bridge against Emperor Licinius in 312 A.D. changed the course of not just Roman history but the world. Constantine united Rome under one rule, moved the capital of the Empire to Byzantium, and legalized Christianity, proclaiming it the official religion of Rome. His other legacies include introducing a new currency that would be used for several centuries and instituting a system of having workers pay rent to landowners in exchange for growing crops, which set the foundation for the serf system in medieval European society.

One of our most brilliant biographers takes on one of our greatest living playwrights, drawing on a wealth of new materials and on many conversations with him Tom Stoppard is a towering and beloved literary figure. Known for his dizzying narrative inventiveness and intense attention to language, he deftly deploys art, science, history, politics, and philosophy in works that span a remarkable spectrum of literary genres: theater, radio, film, TV, journalism, and fiction. His most acclaimed creations--Rosencrantz and Guildenstern are Dead, The Real Thing, Arcadia, The Coast of Utopia, Shakespeare in Love--remain as fresh and moving as when they entranced their first audiences. Born in Czechoslovakia, Stoppard escaped the Nazis with his mother and spent his early years in Singapore and India before arriving in England at age eight. Skipping university, he embarked on a brilliant career, becoming close friends over the years with an astonishing array of writers, actors, directors, musicians, and political figures, from Peter O'Toole, Harold Pinter, and Stephen Spielberg to Mick Jagger and Václav Havel. Having long described himself as a "bounced Czech," Stoppard only learned late in life of his mother's Jewish family and of the relatives he lost to the Holocaust. Lee's absorbing biography seamlessly weaves Stoppard's life and work together into a vivid, insightful, and always riveting portrait of a remarkable man.
