An authoratative reference to the beliefs and practices of world religions, living and dead

Both traditions recognize and draw theological and historical lessons from some of the same narrative sources, but this is the first comparative resource to provide interdisciplinary coverage of the history and textual sources associated with prophets and prophecy. This thorough treatment of a difficult and increasingly controversial subject area will encourage and cultivate knowledge and understanding.

Too often through the ages various religions, while preaching amity, have also promoted an us versus them attitude--the Greeks and the barbarians, Jews and the goyim, Muslims and infidels, Christians and pagans. In this volume, the origin, main teachings, and development of the major religions are described. The involvement of each religion in war and the contribution each has made or might make to world peace are discussed. Chapters on Judaism, Christianity, Islam, Hinduism, Jainism, Sikhism, Buddhism, Taoism, Confucianism, Shinto, and traditional faiths.

The Westminster Dictionary of Theologians is global in scope, including theologians from around the world and spanning the period of the early church to today. This dictionary features nearly thirteen hundred entries, organized alphabetically, ranging in length from a paragraph to more than a full page and including a description of each theologian's major works.
