Everygirl, a well-established best seller, provides reassuring advice about the mysteries and problems of growing up. The new fourth edition addresses current personal and social issues that concern young women.Â It includes extensive new material on eating disorders, drugs, sexually transmitted diseases, sexual assault, psychological problems and maintaining a healthy diet.

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

Reviews normal and abnormal pregnancy, pap smears, infertility, menopause, sexual assault, and more. Full-color with this edition, including tables, drawings, and photographs. Considers the psychosocial aspects of the discipline and the contributions women bring to their own care and management. Includes over 250 line drawings to better illustrate procedures. Provides thorough coverage of clinical management.

The Groundbreaking Guide Every Woman Needs With The V Book, women will learn everything they need to know about the basics of vulvovaginal—or "V"—health, an essential yet often overlooked area of women's health. Dr. Elizabeth G. Stewart, the nation's foremost expert in vulvovaginal care and sexual-pain disorders, answers the questions about the all too common "V" ailments that women are embarrassed to discuss even with their doctors. Drawing upon the latest medical research and two decades of experience treating thousands of women in her specialized gynecological practice, Dr. Stewart has compiled a wealth of information and advice. This comprehensive and authoritative guide for women of all ages includes: • How your vulvovaginal concerns change throughout the life cycle, from your teens through menopause and beyond • How to pick a good gynecologist, and how to ask the right questions • Dos and don'ts of V hygiene—and why sometimes less is better • The safest use of tampons, pads, and pantliners • How to handle common symptoms, such as redness, itching, dryness, and discharge • Which medical tests you should insist upon from your doctor • Tips for safe and pleasurable sex, and what to do when sexual intercourse is painful • The latest research on vulvodynia, the vaginal pain syndrome that won't go away • Diagnosing and treating yeast infections, allergies, and other ailments • What to do if your doctor detects cancer or precancer cells And much, much more...

This groundbreaking book sheds light on how hormonal birth control affects women—and the world around them—in ways people are just now beginning to understand.nderstand.

Her life and family changed forever by the sinking of the Titanic and betrayed by the scandalous secrets of her husband, Annabelle Worthington flees New York for war-torn France, where, in a field hospital run by women in the midst of World War I, she finds her true calling in medicine, until years later, a fateful encounter brings her face to face with her past. 750,000 first printing.
