The easiest, most inexpensive way to build muscle strength, size, and power turns out to be the best, with this supremely effective guide from the world's largest men's magazine. Workout fads and fitness equipment come and go, but as trainers and bodybuilders know: nothing tops a simple set of dumbbells for convenience, reliability, and versatility when you are trying to build muscles and get in shape. In *Men's Health Ultimate Dumbbell Guide*, Myatt Murphy, a fitness expert and longtime contributor to *Men's Health*, shows readers how to use dumbbells to develop just about every part of their bodies. For anyone who believes that dumbbells can be used only for arms and shoulders, Myatt Murphy proves them wrong. Featuring 200 photographs, *Men's Health Ultimate Dumbbell Exercises* demonstrates how to perform a total body workout and get maximum results. There are exercises here—lunges, squats, dead lifts, curls, shrugs, kickbacks, presses, and more—that develop abs, arms, chest, legs, and shoulders, along with innovative new ways to get the most of this versatile piece of strength-training equipment. With instructions for creating literally thousands of dumbbell exercises for the novice to advanced lifter, *Men's Health Ultimate Dumbbell Exercises* will be an indispensable addition to any home gym.

The complete program for building and maintaining a well-conditioned, excellently proportioned body -- for a lifetime of fitness and health. In Arnold's Bodybuilding for Men, legendary athlete Arnold Schwarzenegger shows you how to achieve the best physical condition of your life. For every man, at every age, Arnold outlines a step-by-step program of exercise, skillfully combining weight training and aerobic conditioning. The result -- total cardiovascular and muscular fitness. Arnold's program of exercise features stretching, warm-up and warm-down routines, and three series of exercises, each more ambitious than the last, all calculated to help you progress at your own speed. In addition, Arnold contributes important advice about equipment, nutrition and diet, and getting started on your program of exercise. Special sections of Arnold's Bodybuilding for Men cover training for teenagers, exercises designed to keep you in shape on the road or when you can't get to the gym, and the regimen Arnold followed to win his seven Mr. Olympia titles. Illustrated with hundreds of photographs of Arnold and other top bodybuilders, Arnold's Bodybuilding for Men will help every man look great and feel terrific.

Using illustrations, photographs and detailed measurement charts, Sandow's textbook for the school of physical culture demonstrates how to exercise and provides instructions on what to eat. An autobiographical account of Sandow's childhood and later professional life with self-portraits, figures in part two of his didactic book.

The last word on how to build a better body--from the late, great Mike Mentzer With his revolutionary "Heavy Duty" system, Mike Mentzer changed the way bodybuilders train, showing them that "less is more" when it comes to making great gains. In The Wisdom of Mike Mentzer, you will discover Mike's

most advanced training techniques and philosophies--previously known only to his inner circle and personal clients. Drawing upon never-before-released materials, his longtime colleague John Little reveals Mentzer's most powerful lessons and workout plans, including: The importance of working to failure Techniques for pushing past mental and physical plateaus How overtraining impedes progress A complete advanced "Heavy Duty" training system The workout that worked "like magic" for Mr. Universe himself More than an instruction manual, this thorough compendium brings together a lifetime of insights, training truths, and personal philosophies from one of the greatest bodybuilders of all time.

The unique sport of bodybuilding has finally, if suddenly, come into vogue. Of all the men who ever hefted tons of weight daily for years, just for the opportunity to pose on a stage for two minutes, Franco Columbu is one of the best developed—and easily the strongest. *Coming On Strong* examines Columbu's private world, as well as that of his sport, and treats both with insight, intelligence, and humor. Where *Pumping Iron* offered an expert, objective view of the sport and its stars without detailed comment, *Coming on Strong* offers the athlete's view from inside looking out. It recreates the great beauty and art to be found at bodybuilding's highest levels, as well as the spirit, the competition, and the gamut of emotions to be found at all its levels. Most vivid of all is the picture of a remarkable athlete.

You've put in the time, effort, and sweat to build a solid foundation, but you want more—more muscle mass, strength, and definition. Look no further. *Serious Strength Training* will bring your workouts and results to the next level. Tudor Bompa (the world's foremost expert on optimal schedules for training), Mauro Di Pasquale (a leading authority on nutrition for strength training), and former bodybuilder Lorenzo Cornacchia have again teamed up to bring you the latest, greatest, and most effective exercises

and programs for hard-core strength. Featuring solid scientific principles and the latest research, *Serious Strength Training* provides the blueprint for increasing muscle mass and achieving strength gains you might not have thought possible. Follow the general programs or tailor one to your special needs through manipulation of the six training phases—*anatomical adaptation, hypertrophy, mixed, maximum strength, muscle definition, and transition*—and proper application of the individual metabolic profile. *Serious Strength Training* is essential reading if you want to lift in the big leagues. Choosing from 67 muscle-stimulating exercises and detailed dietary plans, make it your guide to the greatest training you've ever done.
