The true FMC was introduced with the 737-300 in 1984 this kept the performance database and functions but also added a navigation database which interacts with the autopilot & flight director, autothrottle and IRSs. The integrated system is known as the Flight Management System (FMS) of which the FMC is just one component. Most aircraft have just one FMC, but there is an option to have two ...

FMC Update 11 was originally scheduled for 2010. Unfortunately Boeing had tried to issue it in time to bugfix U10.8 but the changes needed to be made quickly so efforts went into U10.8A instead of U11. The update was finally released in March 2015. U11 was superceeded by Update 12 in December 2015. A list of features is given below. All of the information, photographs & schematics from this ...
