The sound of a V8 engine.This is the history of the Holden Commodore VT-VX category. There are many different components issued from model to model which you will discover inside, such as Holden Commodore exports to the United States of America as the Chevrolet Lumina, obviously with the 350 Chevrolet 5.7litre V8 engine and Chevrolet badges. There are many repairs with these cars that many people are not aware of how easy and simple they are and pay huge amounts of money to have these repairs done. Well, inside this book I demonstrate via text and by illustrations the step by step guide of how to perform some of these repairs. These repairs if followed as set out in this book will save you thousands of hard earned dollars. Modifications are also a major interests with these cars as they look awesome and sound like raw thunder with a V8 engine under the bonnet. With a full body kit and a great set of wheels these cars will turn heads wherever you go. There are the more popular modifications inside the book like the installation of extractors and the correct choice for your cat back exhaust system. This can be very expensive if done at te mechanics but this book will show you how to save thousands in this modification alone
