Get the most from the AQA GCSE Geography B Student's Book with blended online resources delivered via kerboodle! You can personalise your students' learning and track their progress online, whilst giving them the benefit of 24-hour access. Additional Information: Animations Videos Simulations Interactive Activities.....and much much more!

The most student-friendly and engaging resource for AQA GCSE Specification A. Matching the demands of the revised 2012 specification, this Student Book motivates your students with relevant, accessibly presented content and up-to-date case studies, while retaining exam-driven rigour.

This Foundation book has simplified text covering the same material as the core student book (with the same pagination). Written to AQA/A specification, it encourages the development of geographical skills. There are activity and test questions, and guidance for students on tackling coursework.

This brand new course takes a unique approach to providing the strong foundations and skills practice students need to prepare them for study of the AQA GCSE specification. Topical, relevant content will enthuse students and help to build essential knowledge and understanding.

Complements the most student-friendly and engaging course for the 2016 AQA GCSE Geography (9-1) specification. The key points of each Student Book topic are presented on a single page, using a clear and accessible visual layout to aid knowledge retention.

This Teacher Handbook provides comprehensive help-at-a-glance teacher's support for every double-page spread in the GCSE Geography AQA A Student Book, including learning outcomes, starters and plenaries, and answers to student activities.

A new series of full-coverage resources developed for the AQA 2016 A/AS Level Geography specification. This full-colour Student Book covers all core and optional units for the AQA AS and A Level Geography specification for first teaching from September 2016. Students are encouraged to develop links between physical and human topics, understand systems, processes, and acquire geographical skills. Helping to bridge the gap from GCSE to A Level, it also provides support for fieldwork skills and for the geographical investigation at A Level. A 'Maths for geographers' feature helps students develop and apply their mathematical and statistical skills, and a range of assessment-style questions support students in developing their exam skills.
