This book is a must for health economics courses throughout the world and a definite recommend as secondary reading for courses on the economics of the welfare state." - Maarten Lindeboom, VU University, the Netherlands "A welcome new textbook that includes highly accessible treatment of the most important topics in modern health economics.

Health Economics: 9781137029966: Economics Books @ Amazon.com

Paul Krugman recently opined in the New York Times that "ever since Kenneth Arrow's seminal paper, [economists have known] that the standard competitive market model just doesn't work for health care ? to act all wide-eyed and innocent about these problems at this late date is either remarkably ignorant or simply disingenuous." The paper that Krugman refers to is the 1963 AER article ...
