"Involving students in real historical problems that convey powerful lessons about U.S. history, these thought-provoking activities combine core content with valuable practice in decision making, critical thinking, and understanding multiple perspectives. O'Reilly - an experienced, award winning teacher - has students tackle fascinating historical questions that put students in the shoes of a range of people from the past, from the rich and famous to ordinary citizens. Each lesson can be done either as an in-depth activity or as a "quick motivator." Detailed teacher pages give step-by-step instructions, list key vocabulary terms, offer troubleshooting tips, present ideas for post-activity discussions, and furnish lists of related sources. Reproducible student handouts clearly lay out the decision-making scenarios, provide "outcomes," and present related primary source readings and/or images with analysis questions"--Page 4 of cover.

"Herblock's History" is an article written by Harry L. Katz that was originally published in the October 2000 issue of "The Library of Congress Information Bulletin." The U.S. Library of Congress, based in Washington, D.C., presents the article online. Katz provides a biographical sketch of the American political cartoonist and journalist Herbert Block (1909-2001), who was known as Herblock. Block worked as a cartoonist for "The Washington Post" for more than 50 years, and his cartoons were syndicated throughout the United States. Katz highlights an exhibition of Block's cartoons, that was on display at the U.S. Library of Congress from October 2000. Images of selected cartoons by Block are available online.

Winner of the Pulitzer Prize: "The richest and most powerful single document of the American experience in World War II" (The Boston Globe). "The Good War" is a testament not only to the experience of war but to the extraordinary skill of Studs Terkel as an interviewer and oral historian. From a pipe fitter's apprentice at Pearl Harbor to a crew member of the flight that dropped the atomic bomb on Nagasaki, his subjects are open and unrelenting in their analyses of themselves and their experiences, producing what People magazine has called "a splendid epic history" of WWII. With this volume Terkel expanded his scope to the global and the historical, and the result is a masterpiece of oral history. "Tremendously compelling, somehow dramatic and intimate at the same time, as if one has stumbled on private accounts in letters locked in attic trunks . . . In terms of plain human interest, Mr. Terkel may well have put together the most vivid collection of World War II sketches ever gathered between covers." —The New York Times Book Review "I promise you will remember your war years, if you were alive then, with extraordinary vividness as you go through Studs Terkel's book. Or, if you are too young to remember, this is the best place to get a sense of what people were feeling." —Chicago Tribune "A powerful book, repeatedly moving and profoundly disturbing." —People

INTRODUCTION Representing Congress presents a selection of political cartoons by Clifford K. Berryman to engage students in a discussion of what Congress is, how it works, and what it does. It features the masterful work of one of America's preeminent political cartoonists and showcases his ability to use portraits, representative symbols and figures, and iconic personifications to convey thought-provoking insights into the institutions and issues of civic life. The House of Representatives and Senate take center stage as nationally elected officials work to realize the ideals of the Founders. This eBook is designed to teach students to analyze history as conveyed in visual media. The cartoons offer comments about various moments in history, and they challenge the reader to evaluate their perspective and objectivity. Viewed outside their original journalistic context, the cartoons engage and amuse as comic art, but they can also puzzle a reader with references to little-remembered events and people. This eBook provides contextual information on each cartoon to help dispel the historical mysteries. Berryman's cartoons were originally published as illustrations for the front page of the Washington Post and the Washington Evening Star at various dates spanning the years from 1896 to 1949. Thirty-nine cartoons selected from the more than 2,400 original Berryman drawings preserved at the Center for Legislative Archives convey thumbnail sketches of Congress in action to reveal some of the enduring features of our national representative government. For more than 50 years, Berryman's cartoons engaged readers of Washington's newspapers, illustrating everyday political events as they related to larger issues of civic life. These cartoons promise to engage students in similar ways today. The cartoons intrigue and inform, puzzle and inspire. Like Congress itself, Berryman's cartoons seem familiar at first glance. Closer study reveals nuances and design features that invite in-depth analysis and discussion. Using these cartoons, students engage in fun and substantive challenges to unlock each cartoon's meaning and better understand Congress. As they do so, students will develop the critical thinking skills so important to academic success and the future health and longevity of our democratic republic. 2 | R E P R E S E N T I N G C O N G R E S S SHOW THIS eBook IS ORGANIZED This eBook presents 39 cartoons by Clifford K. Berryman, organized in six chapters that illustrate how Congress works. Each page features one cartoon accompanied by links to additional information and questions. TEACHING WITH THIS eBook Representing Congress is designed to teach students about Congress—its history, procedures, and constitutional roles—through the analysis of political cartoons. Students will study these cartoons in three steps: * Analyze each cartoon using the NARA Cartoon Analysis Worksheet * Analyze several cartoons to discuss how art illustrates civic life using Worksheet 2 * Analyze each cartoon in its historic context using Worksheet 3 (optional) Directions: 1. Divide the class into small groups, and assign each group to study one or more cartoons in the chapter "Congress and the Constitution." 2. Instruct each group to complete Worksheet 1: Analyzing Cartoons. Direct each group to share their analysis with the whole class. 3. Instruct each group to complete Worksheet 2: Discussing Cartoons. Students should apply the questions to all of the cartoons in the chapter. Direct each group to share their analysis in a whole class discussion of the chapter. 4. Repeat the above steps with each succeeding chapter. 5. Direct each group to share what they have learned in the preceding activities in a whole-class discussion of Congress and the Constitution. 6. Optional Activity: Assign each group to read the Historical Context Information statement for their cartoon. The students should then use the Historical Context

Recreates the character and atmosphere of this dramatic era in a collage of recollections by both well-known and obscure Americans.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

In this celebrated memoir and exploration of identity, cancer transforms the author's face, childhood, and the rest of her life. At age nine, Lucy Grealy was diagnosed with a potentially terminal cancer. When she returned to school with a third of her jaw removed, she faced the cruel taunts of classmates. It took her twenty years of living with a distorted self-image and more than thirty years of reconstructive procedures before she could come to terms with her appearance. In this lyrical and strikingly candid memoir, Grealy tells her story of great suffering and remarkable strength without sentimentality and with considerable wit. She captures what it is like as a child and a young adult to be torn between two warring impulses: to feel that more than anything else we want to be loved for who we are, while wishing desperately and secretly to be perfect. A New York Times Notable Book "This is a young woman's first book, the story of her own life, and both book and life are unforgettable." —New York Times "Engaging and engrossing, a story of grace as well as cruelty, and a demonstration of [Grealy's] own wit and style and class." —Washington Post Book World
