A vivid account of Britain's epic attempts to scale Mount Everest in the early 1920s draws on the letters and diaries of George Mallory to trace such topics as the role of 19th-century imperial ambition in the expedition and the way in which the ascent reflected England's post-World War I redemption efforts. By the award-winning author of *The Serpent* and *The Rainbow*. 75,000 first printing.

The definitive story of the British adventurers who survived the trenches of World War I and went on to risk their lives climbing Mount Everest. On June 6, 1924, two men set out from a camp perched at 23,000 feet on an ice ledge just below the lip of Everest’s North Col. George Mallory, thirty-seven, was Britain’s finest climber. Sandy Irvine was a twenty-two-year-old Oxford scholar with little previous mountaineering experience. Neither of them returned. Drawing on more than a decade of prodigious research, bestselling author and explorer Wade Davis vividly re-creates the heroic efforts of Mallory and his fellow climbers, setting their significant achievements in sweeping historical context: from Britain’s nineteenth-century imperial ambitions to the war that shaped Mallory’s generation. Theirs was a country broken, and the Everest expeditions emerged as a powerful symbol of national redemption and hope. In Davis’s rich exploration, he creates a timeless portrait of these remarkable men and their extraordinary times.

WINNER OF THE 2012 SAMUEL JOHNSON PRIZE A monumental work of history, biography and adventure - the First World War, Mallory and Mount Everest ‘The price of life is death’ For Mallory, as for all of his generation, death was but ‘a frail barrier that men crossed, smiling and gallant, every day’. As climbers they accepted a degree of risk unimaginable before the war. What mattered now was how one lived, and the moments of being alive. While the quest for Mount Everest may have begun as a grand imperial gesture, it ended as a mission of revival for a country and a lost generation bled white by war. In a monumental work of history and adventure, Davis asks not whether George Mallory was the first to reach the summit of Everest, but rather why he kept climbing on that fateful day.

A magnificent work of history, biography and adventure. If the quest for Mount Everest began as a grand imperial gesture, as redemption for an empire of explorers that had lost the race to the Poles, it ended as a mission of regeneration for a country and a people bled white by war. Of the twenty-six British climbers who, on three expeditions (1921-24), walked 400 miles off the map to find and assault the highest mountain on Earth, twenty had seen the worst of the fighting. Six had been severely wounded, two others nearly died of disease at the Front, one was hospitalized twice with shell shock. Three as army surgeons dealt for the duration with the agonies of the dying. Two lost brothers, killed in action. All had endured the slaughter, the coughing of the guns, the bones and barbed wire, the white faces of the dead. In a monumental work of history and adventure, ten years in the writing, Wade Davis asks not whether George Mallory was the first to reach the summit of Everest, but rather why he kept on climbing on that fateful day. His answer lies in a single phrase uttered by one of the survivors as they retreated from the mountain: "The price of life is death." Mallory walked on because for him, as for all of his generation, death was but "a frail barrier that men crossed, smiling and gallant, every day." As climbers they accepted a degree of risk unimaginable before the war. They were not cavalier, but death was no stranger. They had seen so much of it that it had no hold on them. What mattered was how one lived, the moments of being alive. For all of them Everest had become an exalted radiance, a sentinel in the sky, a symbol of hope in a world gone mad.

Science entwines with matters of the human heart as a whale researcher chronicles the lives of an endangered family of orcas Ever since Eva Saulitis began her whale research in Alaska in the 1980s, she has been drawn deeply into the lives of a single extended family of endangered orcas struggling to survive in Prince William Sound. Over the course of a decades-long career spent observing and studying these whales, and eventually coming to know them as individuals, she has, sadly, witnessed the devastation wrought by the Exxon Valdez oil spill of 1989—after which not a single calf has been born to the group. With the intellectual rigor of a scientist and the heart of a poet, Saulitis gives voice to these vital yet vanishing survivors and the place they are so loyal to. Both an elegy for one orca family and a celebration of the entire species, Into Great Silence is a moving portrait of the interconnectedness of humans with animals and place—and of the responsibility we have to protect them.

A personal and cultural exploration of silence and its value in our lives—"[an] artful book, mixing autobiography, travel writing, meditation, and essay" (Independent, UK). In her late forties, after a noisy upbringing as one of six children and adulthood as a vocal feminist and mother, Sara Maitland found herself living alone in the country and, to her surprise, falling in love with silence. In this fascinating, intelligent, and beautifully written book, Maitland describes how she began to explore this new love, spending periods of silence in the Sinai desert, the Scottish hills, and a remote cottage on the Isle of Skye. Maitland also delves deep into the rich cultural history of silence, exploring its significance in fairy tale and myth, its importance to the Western and Eastern religious traditions, and its use in psychoanalysis and artistic expression. Her story culminates in her building a hermitage on an isolated moor in Galloway. "Her book is probably unique in its subject, and timely, because good, healing silence is becoming hard to find, and we may not know we need it" (Guardian, UK).

Lanen Kaelar has dreamed of dragons all her life. But not just dreaming, for Lanen believes in dragons. Her family mocks her that dragons are just a silly myth. A legend. But Lanen knows better. And she means to prove it. One day she sets out on a dangerous voyage to the remote West to find the land of the True Dragons. What she discovers is a land of real dragons more beautiful—and surprising—than any dream she could have imagined. "The Silence Between Us is eminently un-put-down-able." (NPR) Schneider Family Book Award, Best Teen Honor Book 2020 "This is a great YA contemporary (clean) romance that follows Maya as she navigates a new school and plans for her future. The addition of representation by a Deaf character was really beautifully done. Highly recommend for people looking for a sweet, engaging, and educational romantic read." (YA and Kids Book Central) #OwnVoices YA novel features Deaf / Hard of Hearing Community "It's time we see more Deaf characters in books. It's time we see more Deaf characters in books. It's time we see more books celebrating sign language and Deaf culture," said author Alison Gervais. Deaf teen Maya moves across the country and must attend a hearing school for the first time. As if that wasn't hard enough, she also has to adjust to the hearing culture, which she finds frustrating—and also surprising when some classmates, including Beau Watson, take time to learn ASL. As Maya looks past graduation and focuses on her future dreams, nothing, not even an unexpected romance, will not derail her pursuits. But when people in her life—Deaf and hearing alike—ask her to question parts of her Deaf identity, Maya stands proudly, never giving in to the idea that her Deafness is a disadvantage. The Silence Between Us: Features a Deaf protagonist and an #OwnVoices perspective on Deaf and Hard of Hearing culture Is a clean YA romance by Wattpad sensation Alison Gervais Is perfect for fans of Nicola Yoon and CeCe Bell

Peace at last, after Lloyd George declared it had been 'the war to end all wars', would surely bring relief & a renewed sense of optimism? But this assumption turned out to misplaced as people realised that the men they loved were never coming home.
