This is the story of a life spent largely in the world of chemistry, mainly as a college or university-level teacher. It is also the story of an ordinary boy, a child of the war years, who rose from an unpromising start, leaving school at 16 with four mediocre O Levels, to become more successful and fulfilled in a career than he had ever imagined possible, eventually becoming a university professor. The book also describes the immense contribution made to our lives by chemical research and the chemical industry.ÿ

This story begins in 1991 when Sheryl meets her second husband named Richard. Her expectations are different than they were for her first marriage. That said, she never dreams that it will become so awful. Unfortunately, physical abuse is a part of the story. Divorce seems a clear and almost certain option. Sheryl has always believed that God helps those who help themselves (which is not biblical). Like

most people, she believes it is up to her to fix herself and her marriage. But nothing she does works. The level of desperation is tremendous—a desperation that Sheryl has rarely experienced. But then God. Sheryl finally turns everything over to God. God steps in and, wow, the old, ugly marriage dies and what is left is better than a dream come true. Everything is brand new, squeaky clean, and joyful. Jesus was, is, and always will be the center, the bottom, the top, and both sides. There really is no life without Christ Jesus.

Are you wondering, what is your divine destiny? What is your purpose in life? Why are you here and what directions you should take? Then this book will inspire you to seek answers that ponder your mind, heart, spirit, and soul. It is going to take you on a spiritual quest that reveals truth and godly wisdom. Dealing with spiritual matters and matters of the heart requires intense meditation, prayer, faith, obedience, truth, and guidance. Sometimes God answers by revealing His instructions to us in an unordinary or mysterious form. My quest for answers was revealed through dreams, visions, and insight. The Christian upbringing I had, along with faith to seek and wait for answers, became a major turning point in my life. All this aspiration was a result of a choice I made, shortly after moving to Atlanta, Georgia in 2010. This geographical area was appointed by God when He called me to do a work here over twenty years ago. Not having a clue what was about to take place, led me to personal growth and spiritual maturity through several uneventful situations that was unexpected. This book will enrich your life to keep striving when life throws you a curve ball. I pray you are blessed in your quest to seek solutions to questions that linger heavy on your heart, mind, spirit, and soul. BE BLESSED.

Jesus Christ is arguably the most famous man who ever lived. His image adorns countless churches, icons, and paintings. He is the subject of millions of statues, sculptures, devotional objects and works of art. Everyone can conjure an image of Jesus: usually as a handsome, white man with flowing locks and pristine linen robes. But what did Jesus really look like? Is our popular image of Jesus overly westernized and untrue to historical reality? This question continues to fascinate. Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and culture, to suggest an entirely different vision of this most famous of men. He may even have had short hair.

FOREWORD by Don Tapscott, author of Wikinomics and Grown Up Digital The Obama campaign's mastery of social media for everything from fundraising to volunteer coordination has been widely reported. Until now, there hasn't been an in-depth analysis of how they did it. In Yes We Did, new media strategist and campaign headquarters volunteer Rahaf Harfoush gives us a behind-the-scenes look at the campaign's use of technology, from its earliest days through election night. She reveals strategic insights organizations can apply to their own brands. Discover how unwavering strategic vision and collaborative technologies—email, blogs, social networks, Twitter, and SMS messaging—empowered a formidable online community to help elect the world's first "digital" President.

An engaging narrative covering the period from 1949 to 2003, ... and I did(n't) look back is a captivating memoir that offers a glimpse into the author's journey through life. Here, she shares how a totally normal life went on in Germany right after World War II as she relates to her early memories, her growing up years, how she started her own life, her memorable adventures, various struggles, quest for success, faced different events, and how she finds hope after that period and begins a new journey with life.

Doing what Jesus did takes a fresh look at the gifts of the Spirit, suggesting they are best regarded as a description of the ministry of Jesus, to be welcomed not as feathers in the caps of individuals but as shared resources given to enable the mission and ministry of the church. With lots of illustrations and plenty of real life stories and testimonies, this is a welcome and readable introduction to a topic about which little has been written in recent years. It includes a Bible study for use in small groups. "The best theologically rigorous study of the gifts of the Spirit that I have read. Especially because in this new book Alison Morgan, from long experience, includes sensible, practical advice on how to get going." Preb John Collins

Detective Marsh Mysteries Double eBook# 2 The investigation of the death of a little boy uncovers a private club whose members think they know what's best for society. Marsh is being stalked and is getting very angry. "Dark and disturbing you feel the pain of betrayal and fear the damaged mind." DLF Review Marsh and Grew search streets and back alleys faced with the horrors of human trafficking. A thirty year old case tugs at Marsh's heart "Evil men doing their evil deeds no woman is ever safe. Fiction with dark truths." DLF Review
