## RV Entry Steps | Electric & Manual RV Steps

Make sure that the RV step is in the middle of the door opening.  
Make sure that there is a ¼ clearance on each side. Lower the RV  
step to test if the door shuts properly. If needed, use two screws on  
the outermost side to hold the RV step into place. Shut the door to  
see if there's no obstruction that could prevent it from doing so.
