The Winter Soldier star Robert Redford and Prison Break writer Graham Roland have teamed up to produce a brand new book adaptation for AMC. As reported by TheWrap, the trio are working on small-screen ...

It is widely acknowledged that the hit franchise Game of Thrones is based on the Wars of the Roses, a bloody fifteenth-century civil war between feuding English families. In this book, Jeffrey R. Wilson shows how that connection was mediated by Shakespeare, and how a knowledge of the Shakespearean context enriches our understanding of the literary elements of Game of Thrones. On the one hand, Shakespeare influenced Game of Thrones indirectly because his history plays significantly shaped the way the Wars of the Roses are now remembered, including the modern histories and historical fictions George R.R. Martin drew upon. On the other, Game of Thrones also responds to Shakespeare ' s first tetralogy directly by adapting several of its literary strategies (such as shifting perspectives, mixed genres, and metatheater) and tropes (including the stigmatized protagonist and the prince who was promised). Presenting new interviews with the Game of Thrones cast, and comparing contextual circumstances of composition—such as collaborative authorship and political currents—this book also lodges a series of provocations about writing and acting for the stage in the Elizabethan age and for the screen in the twenty-first century. An essential read for fans of the franchise, as well as students and academics looking at Shakespeare and Renaissance literature in the context of modern media.

"A coloring book based on the Game of thrones." --

The epic saga that inspired HBO ' s Game of Thrones made George R. R. Martin an international phenomenon, but there ' s much more to this versatile, prolific, and original author. In addition to the book that kicks off A Song of Ice and Fire, this eBook bundle includes Dreamsongs: Volume I, which showcases Martin ' s early writings; Fevre Dream, the acclaimed author ' s reinvention of the vampire novel; and The Armageddon Rag, a thrilling story of psychedelic—and apocalyptic—rock. Spanning genres of fantasy, science fiction, horror, and suspense, Martin ' s virtuosic talents will surprise and delight even his most devoted fans. A GAME OF THRONES " The only fantasy series I ' d put on a level with J.R.R. Tolkien ' s The Lord of the Rings . . . It ' s a fantasy series for hip, smart people, even those who don ' t read fantasy." —Chicago Tribune In a land where summers can last decades and winters a lifetime, trouble is brewing. As sinister forces mass beyond the kingdom ' s protective Wall, the king ' s powers are failing—his most trusted adviser is dead and his enemies are emerging from the shadows of the throne. At the center of the conflict lie the Starks of Winterfell, a family as harsh and unyielding as the frozen land they were born to. Now Lord Eddard Stark is reluctantly summoned to serve as the king ' s new Hand, an appointment that threatens to sunder not only his family but the kingdom itself. DREAMSONGS: VOLUME I " The ideal way to discover . . . a master of science fiction, fantasy and horror. . . . Martin is a writer like no other." —The Guardian (U.K.) Gathered here are the very best of Martin ' s early works, including his Hugo, Nebula, and Bram Stoker award–winning stories, cool fan pieces, and the original novella The Ice Dragon, from which his New York Times bestselling children ' s book of the same title originated. With extensive author commentary, Dreamsongs: Volume I is a rare treat, offering fascinating insights into Martin ' s journey from young writer to award-winning master. FEVRE DREAM " An adventure into the heart of darkness that transcends even the most inventive vampire novels." —Los Angeles Herald Examiner Abner Marsh, a struggling riverboat captain, suspects that something ' s amiss when he is approached by a wealthy aristocrat with a lucrative offer. The hauntingly pale, steely-eyed Joshua York doesn ' t care that the icy winter of 1857 has wiped out all but one of Marsh ' s dilapidated fleet. Not until the maiden voyage of Fevre Dream does Marsh realize that he has joined a mission both more sinister, and perhaps more noble, than his most fantastic nightmare—and humankind ' s most impossible dream. THE ARMAGEDDON RAG " The best novel concerning the American pop music culture of the sixties I ' ve ever read." —Stephen King Onetime underground journalist Sandy Blair has come a long way from his radical roots in the sixties—until he ' s drawn back by the bizarre and brutal murder of a rock promoter who made millions with a band called the Nazgûl. As Sandy investigates the crime, he finds himself drawn back into his own past. For a new messiah has resurrected the Nazgûl along with a requiem of demonism, mind control, and death, whose apocalyptic tune only Sandy may be able to change.

New threats emerge to endanger the future of the Seven Kingdoms, as Daenerys Targaryen, ruling in the East, fights off a multitude of enemies, while Jon Snow, Lord Commander of the Night's Watch, faces his foes both in the Watch and beyond the great Wall of ice and stone.

Representing a broad range of ethnic diversity, these in-depth profiles present fascinating accounts of lives and careers, the circumstances under which works were produced, and their literary significance. Each profile also includes critical evaluation, a list of the author's principal works with date first published, a list of major critical works, and a portrait or photograph where available.

An easy-to-use source for librarians, students and other researchers, each volume in this series provides illustrated biographical profiles of approximately 75 children's authors and artists. This critically acclaimed series covers more than 12,000 individuals, ranging from established award winners to authors and illustrators who are just beginning their careers. Entries typically cover: personal life, career, writings, works in progress, adaptations, additional sources. A cumulative author index is included in each odd-numbered volume.While Gale strives to replicate print content, some content may not be available due to rights restrictions.Call your Sales Rep for details.

NEW YORK TIMES BESTSELLER " Taking place nearly a century before the events of A Game of Thrones, A Knight of the Seven Kingdoms compiles the first three official prequel novellas to George R. R. Martin's ongoing masterwork, A Song of Ice and Fire. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LOS ANGELES TIMES AND BUZZFEED These never-before-collected adventures recount an age when the Targaryen line still holds the Iron Throne, and the memory of the last dragon has not yet passed from living consciousness. Before Tyrion Lannister and Podrick Payne, there was Dunk and Egg. A young, naïve but ultimately courageous hedge knight, Ser Duncan the Tall towers above his rivals--in stature if not experience. Tagging along is his diminutive squire, a boy called Egg--whose true name is hidden from all he and Dunk encounter. Though more improbable heroes may not be found in all of Westeros, great destinies lay ahead for these two . . . as do powerful foes, royal intrigue, and outrageous exploits. Featuring more than 160 all-new illustrations by Gary Gianni, A Knight of the Seven Kingdoms is a must-have collection that proves chivalry isn't dead--yet. Praise for A Knight of the Seven Kingdoms "Readers who already love Martin and his ability to bring visceral human drama out of any story will be thrilled to find this trilogy brought together and injected with extra life."--Booklist "The real reason to check out this collection is that it's simply great storytelling. Martin crafts a living, breathing world in a way few authors can. . . . [Gianni's illustrations] really bring the events of the novellas to life in beautiful fashion."--Tech Times "Stirring. . . . As Tolkien has his Silmarillion, so [George R. R.] Martin has this trilogy of foundational tales. They succeed on their own, but in addition, they succeed in making fans want more."--Kirkus Reviews (starred review) "Pure fantasy adventure, with two of the most likable protagonists George R. R. Martin has ever penned."--Bustle "A must-read for Martin's legion of fans . . . a rousing prelude to [his] bestselling Song of Ice and Fire saga . . . rich in human drama and the colorful worldbuilding that distinguishes other books in the series."--Publishers Weekly

In this daring and provocative literary parody which has captured the interest and imagination of a nation, Alice Randall explodes the world created in GONE WITH THE WIND, a work that more than any other has defined our image of the antebellum South. Taking sharp aim at the romanticized, whitewashed mythology perpetrated by this southern classic, Randall has ingeniously conceived a multilayered, emotionally complex tale of her own - that of Cynara, the mulatto half-sister, who, beautiful and brown and born into slavery, manages to break away from the damaging world of the Old South to emerge into full life as a daughter, a lover, a mother, a victor. THE WIND DONE GONE is a passionate love story, a wrenching portrait of a tangled mother-daughter relationship, and a book that "celebrates a people's emancipation not only from bondage but also from history and myth, custom and stereotype" (San Antonio Express-News).

This book showcases the best and most humorous quotes from George R.R. Martin's favourite character Tyrion Lannister, the worldly, jaded, funny, highly intelligent, cynical, womanizing star of the books. A perfect stocking-filler for every fan of the books, and of HBO's award-winning television series.
