Winner of the 2020 Pulitzer Prize for Drama “ To watch this show is to enter, by some urgent, bawdy magic, an ecstatic and infinitely more colorful version of the famous surreal lithograph by M. C. Escher: the hand that lifts from the page, becoming almost real, then draws another hand, which returns the favor. Which came first? A Strange Loop is complex, teasing, thrilling. ” —Vinson Cunningham, New Yorker Usher is a Black, queer writer, working a day job he hates while writing his original musical: a piece about a Black, queer writer, working a day job he hates while writing his original musical. This blistering musical follows a young artist at war with a host of demons—not least of which are the punishing thoughts in his own head—in an attempt to understand his own strange loop.

A revised and complete edition of this modern classic, featuring a new foreword from author Tony Kushner.

"Performance" has multiple and often overlapping meanings that signify a wide variety of social behaviors. In this invitation to reflect on the power of performance, Diana Taylor explores many of its uses and iterations: artistic, economic, sexual, political, and technological performance; the performance of everyday life; and the gendered, sexed, and racialized performance of bodies. This book performs its argument. Images and texts interact to show how performance is at once a creative act, a means to comprehend power, a method of transmitting memory and identity, and a way of understanding the world.

Illustrations and simple, rhyming text celebrate the uniqueness of each child.

Joining the ranks of the classics Please Kill Me, Our Band Could Be Your Life, and Can ' t Stop Won ' t Stop, an intriguing oral history of the post-9/11 decline of the old-guard music industry and rebirth of the New York rock scene, led by a group of iconoclastic rock bands. In the second half of the twentieth-century New York was the source of new sounds, including the

Greenwich Village folk scene, punk and new wave, and hip-hop. But as the end of the millennium neared, cutting-edge bands began emerging from Seattle, Austin, and London, pushing New York further from the epicenter. The behemoth music industry, too, found itself in free fall, under siege from technology. Then 9/11/2001 plunged the country into a state of uncertainty and war—and a dozen New York City bands that had been honing their sound and style in relative obscurity suddenly became symbols of glamour for a young, web-savvy, forward-looking generation in need of an anthem. *Meet Me in the Bathroom* charts the transformation of the New York music scene in the first decade of the 2000s, the bands behind it—including The Strokes, The Yeah Yeah Yeahs, LCD Soundsystem, Interpol, and Vampire Weekend—and the cultural forces that shaped it, from the Internet to a booming real estate market that forced artists out of the Lower East Side to Williamsburg. Drawing on 200 original interviews with James Murphy, Julian Casablancas, Karen O, Ezra Koenig, and many others musicians, artists, journalists, bloggers, photographers, managers, music executives, groupies, models, movie stars, and DJs who lived through this explosive time, journalist Lizzy Goodman offers a fascinating portrait of a time and a place that gave birth to a new era in modern rock-and-roll.

This remarkable collection of maps, photographs, engravings and paintings from the early ages to modern day provides a stunning new look at the world as defined by our struggles and alliances with the monsters and supernatural creatures that have defined our existence. Learn how a mechanical man helped write America's Declaration of Independence. Track the course of the Living Dead virus from Africa to Europe and on to the New World. View artifacts from our uneasy alliance with the Martian race, or simply delight in the vibrant colors and illustrations from a bygone age. More than 100 full-color images and insightful essays make this book an essential addition to the libraries of dedicated historians as well as casual fans of monsters and mayhem.

This is a book about the exhilaration and the catastrophe of embodiment. Analyzing different instances of injured bodies, Peggy Phelan considers what sustained attention to the affective force of trauma might yield for critical theory. Advocating what she calls "performative writing", she creates an extraordinary fusion of critical and creative thinking which erodes the distinction between art and theory, fact and fiction. The bodies she examines here include Christ's, as represented in Caravaggio's painting *The Incredulity of St Thomas*, Anita Hill's and Clarence Thomas's bodies as they were performed during the Senate hearings, the disinterred body of the Rose Theatre, exemplary bodies reconstructed through psychoanalytic talking cures, and the filmic bodies created by Tom Joslin, Mark Massi, and Peter Friedman in *Silverlake Life: The View From Here*. This new work by the highly-acclaimed author of *Unmarked* makes a stunning advance in performance theory in dialogue with psychoanalysis, queer theory, and cultural studies.

This book traces the evolution of the Hong Kong's popular culture, namely film, television and popular music (also known as Cantopop), which is knotted with the city's geo-political, economic and social transformations. Under various historical contingencies and due to the city's special geo-politics, these three major popular cultural forms have experienced various worlding processes and have generated border-crossing impact culturally and socially. The worlding processes are greatly associated with the city's nature as a reception and departure port to Sinophone migrants and populations of multiethnic and multicultural. Reaching beyond the "golden age" (1980s) of Hong Kong popular culture and afar from a film-centric cultural narration, this book, delineating from the dawn of the 20th century and following a chronological order, untangles how the nowadays popular "Hong Kong film", "Hong Kong TV" and "Cantopop" are derived from early-age Sinophone cultural heritage, re-shaped through cross-cultural hybridization and influenced by multiple political forces. Review of archives, existing literatures and corporation documents are supplemented with policy analysis and in-depth interviews to explore the centennial development of Hong Kong popular culture, which is by no means demise but at the juncture of critical transition.

THE INSPIRATION FOR THE VH1 SERIES THE BREAKS
The Big Payback takes readers from the first \$15 made by a "rapping DJ" in 1970s New York to the multi-million-dollar sales of the Phat Farm and Roc-a-Wear clothing companies in 2004 and 2007. On this four-decade-long journey from the studios where the first rap records were made to the boardrooms where the big deals were inked, *The Big Payback* tallies the list of who lost and who won. Read the secret histories of the early long-shot successes of Sugar Hill Records and Grandmaster Flash, Run DMC's crossover breakthrough on MTV, the marketing of gangsta rap, and the rise of artist/entrepreneurs like Jay-Z and Sean "Diddy" Combs. 300 industry giants like Def Jam founders Rick Rubin and Russell Simmons gave their stories to renowned hip-hop journalist Dan Charnas, who provides a compelling, never-before-seen, myth-debunking view into the victories, defeats, corporate clashes, and street battles along the 40-year road to hip-hop's dominance. **INCLUDES PHOTOGRAPHS**
