Includes tests designed to help measure adequate yearly progress (AYP) at these grade levels.

Introduces the geography, history, and culture of the civilizations of the ancient world.

(High School) Keeping geography relevant and up-to date through country-by-country coverage and online updates, this standards-based program helps students understand how geography affects their lives. The text's strong maps and visuals present key concepts in human and physical geography, while step-by-step skills instruction prepares students for success on assessment. An award-winning video collection helps students develop mental maps of their world through maps, animation, live footage and case studies.

Originally published under the General Editorship of Thomas H. Greer, the series emanated from the Humanities Department of Michigan State University. The books remain today perhaps the best sources available for the comprehensive study in one volume of every subject area which might be included in the umbrella of humanities. Most major literary forms are represented: essay, poem, short story, play, novel, memoir, epigram, scientific discourse, philosophical treatise, political manifesto, and religious proclamation. All major subject areas are explored: art, music, education, mathematics, biology, psychiatry, religion, philosophy, politics, economics, and physics. The informative apparatus, headnotes, and footnotes are all aimed at enhancing the student-reader's comprehension.
