The "Shadow Chronicles" uses a combination of computer-generated imaging (CGI) and traditional cell-shading. Mecha, warships, and large-scale environments are rendered by computer. To keep consistency with the feel of the main Robotech series, however, Harmony Gold intentionally made use of cell shading to create faces and features. The result is impressive and reasonably familiar if not entirely consistent with the original footage.

Robotech: The Shadow Chronicles - Tubi

Like many other gamers, I went on ahead and picked up the Shadow Chronicles RPG in its magna form. It was my first Palladium purchase in quite a few years and I was fairly pleased with it. It wasn't long after that when I heard that Palladium planned to release a deluxe edition. I didn't really understand the point of these really.
