Strong Words Magazine | Welcome

It ' s very common for students to use long words they don ' t understand very well in their essays and theses because they have a certain idea of what academic writing should be. Many students believe that academic writing is wordy and convoluted, and uses a lot of jargon. This leads many students to fall into a trap of imagining that the longer the word, the more impressive and intelligent ...

media does encourage us to write and spell words in a way that reflects speech – at least while we 're using social media.

Is social media destroying our ability to write?

While its great to use descriptive words and write whatever pulls you into it, the easiest way to strengthen writing and blogging skills is to begin cutting out those weak words and phrases. Words and phrases that don ' t add to the overall meaning of the writing only serve to clutter it up and make it difficult for readers to understand.

50 Weak Words and Phrases to Cut out of Your Blogging

In addition to understanding the use of specialized language, there are other aspects of academic writing in the social sciences that you should be aware of.

students and practitioners cannot afford to take for granted. Recent reviews (Baby P, Serious Case Review processes) highlighted the need for clear reports, recording and written communication between professionals. This practical and accessible textbook presents the report writing process in a clear and straightforward way. From methods of collecting and presenting evidence, to drawing conclusions and writing up a final report.

Revealing an Italian Renaissance beyond Michelangelo and the Medici, Sarah Gwyneth Ross recovers the experiences of everyday people who were inspired to pursue humanistic learning. Physicians were often the most avid professionals seeking to earn the respect of their betters, advance their families, and secure honorable remembrance after death.

Humanism and Italian culture. It will make a welcome addition to the field of cultural studies by broadening the subject to consider an important source of information that has been previously overlooked." -- Timothy McGee

The Eloquent Body offers a history and analysis of court dancing during the Renaissance, within the context of Italian Humanism. Each chapter addresses different philosophical, social, or intellectual aspects of dance during the 15th century. Some topics include issues of economic class, education, and power; relating dance treatises to the ideals of Humanism and the meaning of the arts; ideas of the body as they relate to elegance, nobility, and ethics; the intellectual history of dance based on contemporaneous readings of Pythagoras and Plato; and a comparison of geometric dance structures to geometric order in Humanist architecture.

Read Book Strong Words Writing And Social Strain In The Italian Renaissance

Through its many and varied manifestations, authority has frequently played a role in the communication process in both manuscript and print. This volume explores how authority, whether religious, intellectual, political or social, has enforced the circulation of certain texts and text versions, or acted to prevent the distribution of books, pamphlets and other print matter. It also analyzes how readers, writers and printers have sometimes rebelled against the constraints and restrictions of authority, publishing controversial works anonymously or counterfeiting authoritative texts; and how the written or printed word itself has sometimes been perceived to have a kind of authority, which might have had ramifications in social, political or religious spheres. Contributors look at the experience of various European cultures-

English, French, German and Italian-to allow for comparative study of a number of questions pertinent to the period. Among the issues explored are local and regional factors influencing book production; the interplay between manuscript and print culture; the slippage between authorship and authority; and the role of civic and religious authority in cultural production. Deliberately conceived to foster interdisciplinary dialogue between the history of the book, and literary and cultural history, this volume takes a pan-European perspective to explore the ways in which authority infiltrates and is in turn propagated or undermined by book culture.

In this illuminating work, surveying 300 years and two nations, Sarah Gwyneth Ross demonstrates how the expanding ranks of learned women in the
