A helpful resource for anyone, young and not so young, who is not confident in using and understanding basic cookery skills and processes. It contains an extensive range of simple tried and tested recipes, with clear explanations of techniques and processes, carefully selected to give a range of healthy, easily prepared meals within a reasonable budget. In addition to food preparation and cooking, this book has a chapter on living independently and covers areas such as laundry, changing plugs, unblocking drains, simple sewing and health and wellbeing. The author has been a Home Economics teacher for 36 years, teaching pupils from age 5-18 years, and her book draws on

Apply conventional business and finance models, but also threatening long-established avenues of entertainment such as movie theaters, traditional television, and home video, and wreaking havoc on independent filmmakers and veteran producers alike. This book attempts to make sense of ongoing economic and creative shifts of infrastructure and intellectual property, to understand where the industry is headed, and to distinguish which business models should be maintained and which ones should be left behind. Featuring exclusive interviews with some of the industry's most prolific filmmakers and executives, it dives into the trenches of
