not the native language of the speaker, but is learned later. A speaker's dominant language, which is the language a speaker uses most or is most comfortable with, is not necessarily the speaker's first language. The second language can also be the dominant one. For example, the Canadian census defines first language for its purposes as "the first language learned in childhood and still spoken", recognizing that for some, the earliest lang

Second language - Wikipedia

Abstract In this study of the placement of sentence negation in third language acquisition (L3), we argue that there is a qualitative difference between the acquisition of a true second language (L2) and the subsequent acquisition of an L3.

The role of the second language in third language ... This best-selling textbook provides an engaging and user-friendly introduction to the study of language. Assuming no prior knowledge in the subject, Yule presents information in short, bite-sized sections, introducing the major concepts in language study – from how children learn language to why men and women speak differently, through all the key elements of language.

The Study of Language: Amazon.co.uk: Yule, George ... Second Language Acquisition p. 1 commonalities between first and second language acquisition that can be understood from corpus analyses of input and from cognitive- and psycho-linguistic analyses of construction acquisition following associative and cognitive principles of learning and categorization.
