You See is  
what you get.

What's on the table  
or who's present is  
all there is. This  
expression, often  
used humorously  
or ironically, may  
have originated in  
Australia,  
according to Eric  
Partridge. Possibly  
it alludes to what a  
salesperson

page. However, the first citation I have found of the acronym in print comes several years earlier in a non-computer related context.

~~'What you see is what you get'—  
meaning and origin.~~

Possible meaning:

# Download Ebook What

1) There is nothing hidden. What you are looking at is the real thing. 2) In computing, the way something displays on the screen is the way it will display in print (or other media) -- hence the acronym WYSIWYG.
